

CENTRIFUGE BASKETS

COAL - A RANGE OF MINERALS
ROCK SALT - OILFIELD DRILL CUTTINGS

A wide range of centrifuge baskets to suit our range and most other makes of centrifuge

- ▶ Effectively removing free moisture from minerals
- ▶ Advanced no-block aperture designs
- ▶ Highest quality stainless steel wedge wire as standard and special alloys available on request
- ▶ High efficiency, high capacity performance
- ▶ The longest lasting centrifuge baskets in the market*

CENTRIFUGE BASKETS

"Based upon customer feedback*, our centrifuge baskets have delivered the longest working life when compared with baskets from other manufacturers "

- ▶ High quality stainless steel wedge wire
- ▶ A wide range of aperture sizes
- ▶ Up to 50mm material top size

The current range of Don Valley Engineering Dewatering Vibrating Centrifuges

TYPE	HSL 500	HSL 600	HSL 750	HSG 1000	HSG 1100	HSG 1200	HSG 1300	HSG 1400
Typical Feed Capacities TPH	15/20	20/30	30/40	50/100	100/150	150/200	200/250	250/300
Drive Motor kw	7.5	7.5	7.5	22	30	37	55	55
